APPLY NOW

QUALIFICATION

- experience as a mechanic on modern agricultural machinery
- solid knowledge of hydraulic, mechanical and electrical systems
- available for regular travel between our farms in Romania

Are you the one?

- Do you have solid experience repairing tractors, manure tankers, pumps, or other heavy machinery?
- Do you enjoy fixing things, working independently, and making sure the equipment runs smoothly?
- Do you like challenges and want to further develop yourself in a Danish company in Romania?

If you are, come and join us!

Main functions and responsibilities include:

- Perform repairs on our agricultural and heavy machinery: Case tractors, slurry trailers and tankers, mobile slurry pumps, dribble bar slurry applicator, front loaders, etc.
- Establish and execute a preventive maintenance program to reduce breakdowns and extend equipment lifespan.

Ideal candidates has/is:

- An experienced agricultural mechanic, preferably with knowledge of manure machinery.
- Strong practical knowledge of hydraulic, mechanical, and electrical systems.
- Open to relocation to Romania or with a desire to return to Romania for natives.
- Structured approach, know how to prioritize while managing multiple balls in the air.
- Good skills in English, both written and spoken.
